Largo.ai

EXCLUSIVE TO 100 SELECTED ACTORS

Largo.ai is excited to introduce the 100 Actors Program, which leverages **artificial intelligence** to greatly enhance audition opportunities for actors. This exclusive program offers a unique chance for 100 selected actors to join our platform for a **12-month period**. We limit the number of actor profiles to ensure meaningful audition opportunities. That is why we will give access to 100 actors on our platform every month with a selection process.

By participating in the program, you will have the following 3 main benefits:

- **Direct connections with producers and directors:** eliminate intermediaries, allowing you to get auditions from producers/directors directly.
- **No search for auditions:** Largo.ai automatically suggests you to the producers/directors for matching characters.
- **Commission-free:** no commission for any roles that you get.

HOW DOES IT WORK?

Largo.ai has been collaborating with movie producers and directors for several years, providing valuable tools to gain insights into their projects during the pre-production stage. One crucial insight they receive is character analysis and casting suggestions upon uploading their script to the platform.

HOW ACTORS ARE PAIRED WITH CHARACTERS?

Largo.ai uses a patented neural network to analyze the script and create a unique cinematographic DNA for the characters. Similarly, another DNA is generated for actors based on their past performances or wishlist credits. When a suitable match is identified, actors are automatically suggested to movie producers and directors.

WHAT CAN YOU DO ON THE PLATFORM?

1

AUDITIONS

Create your profile and receive automatic suggestions for characters that match you.

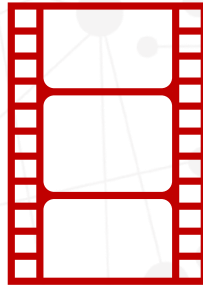

Now available

2

TEST A PROJECT

Analyze a script to assess your compatibility with the character

Now available

3

PRACTICE A ROLE

Your dedicated companion, always ready to assist you in rehearsing for auditions.

FROM CREDITS WISHED TO APPEAR

Most Dominant Emotion	Most Dominant Genre
JOY	ADVENTURE

Most Dominant Character Attributes
AMBITIOUS, STUBBORN, CHARISMATIC

IMPORTANT CONDITIONS

1. **Limited Capacity:** The program is restricted to 100 actors per month, carefully chosen by Largo.ai and its partners.
2. **Access and Packages:** Selected actors will have annual access to Largo.ai's tools and can buy from three different packages (as Discovery: \$149 / year, Boost: \$299 / year, or Spotlight: \$499 / year) that best cater to their specific requirements.
3. **Purpose and Functionality:** Largo.ai is not a talent agency or a conventional project listing website, nor does it possess magical capabilities. Our AI toolset facilitates the matching of actors with suitable roles offered by producers and directors. Our testing toolset aids in selecting the right projects to advance your career, while our audition practice tool assists you in preparing for your roles.

Largo.ai initiative has been supported by

— GEBERT RÜF STIFTUNG —

The program is organized by Largo.ai, a company that helps accelerate the filmmaking process with instant AI insights. From big studios to independent producers and distributors, hundreds of industry players use Largo.ai to increase their chances of success before bringing content to the screen.
